* If an item number is present, please contact Konica Minolta to order media. An 'n/a' reference indicates the item is not available through Konica Minolta. Contact the manufacturer to order.

** T-Shirt Transfer Paper should not be solely used in the copier and should only be used on a limited basis (250 sheets per run maximum). Also, pay particular attention if a misfeed occurs in the fuser section of the copier. It should be removed immediately (due to odor) and then 15-25 sheets of regular (20 lb. bond) paper should be run to clean the fusing rollers. Also this media cannot be used in high humidity environments.

Media Type Specification: bizhub C203/C253/C353/C353P

Purpose of the Media Guide

The purpose of this media guide is to educate our customers on basic paper characteristics, paper handling, general precautions, and proper storage as related to our MFP and printer products. Use this media guide to help select the best media appropriate for your general office use, marketing brochure or collateral, booklet, or any other graphic art output.

We also offer recommended media by product that can be ordered directly from Konica Minolta to ensure high quality printing and desired machine performance. Not all media recommended within this guide can be ordered directly through Konica Minolta, you must contact the manufacturer to purchase the media.

Disclaimer

As an aid to end-users of Konica Minolta MFP and printer products, Konica Minolta Business Solutions U.S.A. Inc. (KMBS) has performed testing on certain media that may be printed by Konica Minolta's products. Based solely on such testing, KMBS has found that the products listed have functioned properly using the media listed during the course of testing. However, KMBS can give no assurances based upon such testing that the listed media will perform for any particular end-user's product, and KMBS disclaims any warranty, express or implied, to such effect.

KMBS recommends that each end user consult with its servicing dealer both to confirm that use of any listed media with the end user's product will not affect any servicing agreement with such dealer, and that the product is maintained in the appropriate environmental and other conditions stated in the product's operator's manual so as to optimize the possibility for replicating the results achieved in KMBS testing. This guide does not constitute an endorsement of the listed media, and there may be other media that enable the listed products to function properly.

Please note that the print media listed has been tested and approved for use in MFP and printers sold in the Americas only. Using certain media may affect fuser yield life.

For complete overview on product usage, please refer to the product's user manual.
